

QUALITY POLICY

Sun Hydraulics is committed to exceed customer expectations by continuously improving the effectiveness of our Quality Management System to deliver defect-free products and services.

GOALS

- Strive to meet acknowledged ship date 100% on-time
- Strive to deliver zero defect products
- Continuously improve Sun's products, processes, and services to increase customers satisfaction and retention

Sun fosters a quality mind-set with the objective of designing, manufacturing, and supplying products on-time with zero defects. Leadership demonstrates their commitment to this policy by ensuring compatibility with Sun's strategic objectives.
